

ADDITIONAL RESOURCES

- America's Health Insurance Plans (AHIP) is a national advocacy association whose goal it is to improve and protect the health and financial security of consumers, families, businesses, communities, and the nation. (www.ahip.org)
- The Centers for Medicare & Medicaid Innovation (the Innovation Center) supports development and testing of innovative health care payment and service delivery models. (<https://innovation.cms.gov/>)
- The Kaiser Family Foundation is a non-profit organization focusing on national health issues, as well as the U.S. role in global health policy. (www.kff.org)
- Mental Health America is a community-based nonprofit dedicated to addressing the needs of those living with mental illness and to promoting the overall mental health of all Americans. (<http://www.mentalhealthamerica.net/>)
- MentalHealth.gov provides one-stop access to U.S. government mental health and mental health problems information. MentalHealth.gov explains the basics of mental health, myths and facts, and more. (<https://www.mentalhealth.gov/>)
- The National Alliance on Mental Illness (NAMI) is the nation's largest grassroots mental health organization dedicated to building better lives for the millions of Americans affected by mental illness. (<http://www.nami.org/>)
- The National Association of Medicaid Directors (NAMD) is a bipartisan, non-profit, professional organization representing leaders of state Medicaid agencies across the country. (www.medicaiddirectors.org)
- The National Association of State Mental Health Program Directors (NASMHPD) represents the public mental health service delivery system in all 50 states, 4 territories, and the District of Columbia. It is the only association to represent state mental health commissioners/directors and their agencies. (www.nasmhpd.org)
- The National Institute of Mental Health (NIMH) strives to accelerate the pace of scientific progress by generating research that will have the greatest public health impact and continue to fuel the transformation of mental health care. (www.nimh.nih.gov)
- The National Institute on Drug Abuse (NIDA) performs research regarding causes and consequences of drug use and addiction. Its clinical research findings are used to improve individual and public health. (<https://www.drugabuse.gov/>)
- OPEN MINDS is a market intelligence and management support firm specializing in the sectors of health and human services serving individuals with complex needs. (www.openminds.com)
- PsychU is comprised of a community of health care professionals dedicated to improving the future of mental health care through information, discussion, and collaboration. (www.psychu.org)
- The Substance Abuse and Mental Health Services Administration (SAMHSA) is the agency within the U.S. Department of Health and Human Services that leads public health efforts to advance the behavioral health of the nation. SAMHSA's mission is to reduce the impact of substance abuse and mental illness on America's communities. (<https://www.samhsa.gov/>)
- The Veterans Affairs Research and Development program focuses on improving the lives of Veterans and all Americans through health care discovery and innovation. It is part of the Veterans Health Administration, which is the largest integrated health care system in the United States, serving more than 8.9 million Veterans each year. (<https://www.research.va.gov/>)
