9. Intensive outpatient
10. Medical somatic
11. Methadone administration

*Denotes service that may be delivered by other Medicaid provider organizations.

18. Fee-For-Service (FFS) Program: Serious Mental Illness (SMI) Population

- The SMI population is mandatorily enrolled in managed care unless they meet FFS criteria for exemption.
- The state has implemented the Specialized Recovery Services program to preserve Medicaid eligibility for persons with SMI who previously needed to spend down to be eligible for Medicaid.

19. Fee-For-Service (FFS) Program: Specialized Recovery Services (SRS)

- In August 2016, the state implemented its SRS program. The program creates a new category of Medicaid eligibility for persons with SMI who meet certain needs-based and financial criteria and provides three additional section 1915 (i) home and community-based services for persons with SMI:
 - Recovery management
 - Peer recovery support
 - Individualized placement and support-supported employment (IPS-SE)
- The state estimates that 5,500 persons with SMI will meet the eligibility requirements annually.
 - Persons must require home and community-based services to remain in the community
 - Income must not exceed 150% of FPL for persons eligible for Medicaid under the state plan
 - Income must not exceed 300% of the SSI federal benefit rate for persons not otherwise eligible for Medicaid
- The state is conducting outreach to identify potential beneficiaries, who are referred to recovery managers for an assessment and collection of supporting documentation. ODM makes final eligibility determinations.
- The SRS program is carved out of traditional managed care. For FFS enrollees and persons enrolled in the traditional managed care program, the state contracts with two recovery management agencies in each of four regions established statewide to deliver SRS benefits. Services are reimbursed on a FFS basis.
- Persons enrolled in the MyCare Ohio dual demonstration receive SRS services through their MCOs. The MCOs negotiate service rates with their own provider networks.

FPL = Federal Poverty Level
MCOs = Managed Care Organizations
ODM = Ohio Department Of Medicaid
SMI = Serious Mental Illness
SSI = Supplemental Security Income

20. Managed Care Program: Program Overview

- Managed care enrollment as of July 2016 was 2,462,364.
- All Medicaid populations are enrolled in the Medicaid managed care program, unless they meet one of the fee-for-service criteria.
- There are five managed care plans available statewide that provide health coverage. Individuals are encouraged to choose the plan that best suits their needs.
- Managed care plans include:
 - Buckeye Community Health Plan
 - Caresource
 - Molina Healthcare Of Ohio, Inc.
 - Paramount Advantage
 - United Healthcare Community Plan Of Ohio

21. Managed Care Program: Behavioral Health Overview

- Individuals enrolled in the managed care program receive most behavioral health benefits from community behavioral health agencies certified by the Ohio Department Of Mental Health & Addiction Services.
 - Services delivered by the community behavioral health agencies are covered FFS by the state.
- MCOs are responsible for behavioral health services provided to individuals who are unable to access community behavioral health agency services in a timely manner or who are unwilling to access services through the community behavioral health system.
 - Services delivered by the MCO networks are the responsibility of the MCOs.
- The MCOs are responsible for care coordination between behavioral health and physical health services.

FFS = Fee-For-Service
MCOs = Managed Care Organizations

22. Managed Care Program: Behavioral Health Benefits

Behavioral Health Benefits Provided By The MCOs

1. Medicaid-covered prescription drugs

24. Managed Care Program: Serious Mental Illness (SMI) Population

- The SMI population is mandatorily enrolled in managed care unless they meet fee-for-service criteria for exemption.
- The Medicaid expansion population, if medically frail, must be offered the full array of State Plan benefits. Medically frail individuals include adults with serious mental illness and chronic substance abuse disorders.
- The state has implemented the Specialized Recovery Services program to provide additional benefits to persons with SMI.

25. Care Coordination Initiatives

- Ohio implemented health homes for the SMI population in 2012 but will discontinue the program in June 2017 due to financial unsustainability.
- Ohio's Medicaid program will participate in the statewide patient-centered medical home program, which begins early entry in January 2017 and fully launches in January 2018.

SMI = Serious Mental Illness

26. Medicaid Health Home Characteristics

Health Home Services Overview	
Target Population	<ul style="list-style-type: none"> Individuals with one or more serious and persistent mental health condition, including adults with serious mental illnesses and children with serious emotional disturbance Approximately 12,000 enrollees
Enrollment Model	<ul style="list-style-type: none"> Opt-in via outreach based on claims data

27. Patient-Centered Medical Homes (PCHMs)

- Ohio will begin early entry into its multi-payer statewide PCMH program, called Comprehensive Primary Care (CPC), in January 2017. Full program launch is scheduled for January 2018.
- The state Medicaid program, including its managed care organizations, is a participating payer. The state aims to have 80% Medicaid members attributed to a PCMH by 2018.
- Medicaid providers are enrolled through the Ohio Department Of Medicaid.
 - For participation in the program in 2017, a practice must have at least 500 attributed Medicaid individuals and have either NCQA III accreditation or approval as a Medicare CPC+ practice
 - Practices with 5,000 or more attributed Medicaid individuals must have some level of PCMH accreditation for participation in 2017
 - Beginning in 2018, a practice must have at least 500 attributed Medicaid members, with no accreditation required
- Practices must express a commitment to practice transformation through data sharing and participation in learning activities and to meeting a list of eight PCMH activity requirements within six months.
- To receive per member per month (PMPM) payments, practices must perform all eight PCMH activity requirements, must pass 50% of four efficiency measures, and 50% of 20 clinical measures aligned with CMS/AHIP core standards. Payments are based on continuum of risk tiers.
 - Tier one, \$1 PMPM: Healthy individuals to persons with a single chronic minor disease
 - Tier two, \$8 PMPM: Persons with two minor to significant chronic diseases in multiple organ systems
 - Tier three, \$22 PMPM: Persons with dominant chronic diseases in three or more organ systems to persons requiring catastrophic care
- PCMHs with 60,000 member months will also be eligible to receive shared savings payments based on total cost of care relative to other practices or compared to the practice's own baseline.
- The program was established through a State Innovation Model (SIM) test grant awarded in December 2014.
