

Navigating Telepsychiatry In Mental Health Care: A Discussion With A Peer Specialist & A Caregiver

Thursday, August 13, 2020 | 12pm ET/9am PT

On average, in the United States there is 1 mental health provider for every 536 individuals and providers are not evenly distributed throughout the country. Technological advances in mental health are expanding access to consumers. During the COVID-19 pandemic, the adaptation and utilization of telemedicine services has increased due to social distancing guidelines. In this webinar, hear perspectives from a caregiver and a peer specialist on mental health care delivery, access to telemedicine, and suggestions on how to prepare for a telemedicine visit.

Please Note: Due to high levels of interest, please access this webinar via your computer.

Speakers are paid consultants of Otsuka Pharmaceutical Development & Commercialization, Inc (OPDC). Becky Wong, PharmD, MBA is an employee of OPDC.
